the conversation.*

# FROM THE CHEF

It all began with a simple search for “comfort food.” But we quickly realized that comfort means something different to everyone: a memory, a spice, a childhood favorite. When we couldn’t agree on just one thing, we decided to stop searching for a category and start cooking the dishes we simply couldn’t live without.

LUHV reimagines everyday dining as an experience that’s both wholesome and full of flavor.

*Sincerely Chef*
